### Whooping Cough

"When my daughter had the whooping cough she coughed so hard at one time that she had hemorrhage of the lungs. I was terribly alarmed at her condition. Seeing Chamberlain's Cough Remedy so highly recommended I got her a bottle and it relieved the cough at once. Before she had finished two bottles of this remedy she was entirely well," writes Mrs. S. F. Grimes, Crooksville, Ohio. Obtainable everywhere.

### Cooperative Beef Club

For thirty years a beef club has been in operation in Prairie township, Carroll County. The rules and plans of the club are now so well organized that it may be regarded as a model to be followed with profit by many other sections of the state. Butchering takes place every Friday afternoon and the carcass is divided among sixteen families. Similar organizations have succeeded very well in many other parts of the country. It is quite generally customary for each family to receive a different portion of the carcass so that in a few weeks or months any unequal division which may occur one week will be counterbalanced by a corresponding advantage or disadvantage in later weeks. Sometimes each family in turn furnishes an animal approved by a committee of the club and does the butchering. Sometimes the committee purchases and butchers the animal without calling on any members of the club and then sells the meat. In this case we have practically cooperative buying from members of the organization but without profit to those members who sell what they have bought for that purpose.

### Chraneville Chips

News are scarce.

Overland

\$615

Model 75, Buick 1916-17, 4-cyl. 16-hp.

A Powerful Five-Passenger Car—Complete  
Light, Easy to Handle, and Very Economical to Operate

From every state in the Union we hear of the amazing success of the latest Overland—the \$615 model.

And why not? An electrically started and electrically lighted, completely equipped Overland, with four-inch tires for only \$615!

Season after season for seven years the Overland factory has experienced one great success after another.

But this one tops them all.

The \$615 Overland has made history. It marks the entrance of a new automobile value—a car complete in every sense of the term at a price which was hitherto thought impossible.

Note that word "complete."

This means electric starter and electric lights, electric horn, magnetic speedometer—in fact, every necessary item. There are no "extras" to buy.

Note that the motor is the very latest on bloc design—the last word in fine engineering.

Note that the rear springs are the famous cantilever type. Cantilever springs mean the utmost in riding comfort.

Note the electric control buttons on steering column—demountable rims and one-man top. These are all big advantages.

This newest Overland is light in weight, easy to handle and very economical to operate.

It's just the car the world has been waiting for.

It is large enough for the whole family—moderately priced—built of the best quality materials—snappy, stylish and speedy.

You'll want one, so order it now. Don't wait, debate or argue with yourself. Then in a few days you and your whole family will be driving your own car.

OVERLAND SALES CO.  
BRUNSWICK, MISSOURI

pole May 11, 1916, of heart trouble, at the age of 84 years, 3 months and 27 days.

Celia Ann Gresham, was born in Green Co., Ill., Jan. 14, 1832. At the age of 18 years she married W. N. Harpole. To this union 11 children were born, 5 surviving, with these 33 grand children and 8 great grand children, and a brother aged 90 years are left to mourn her death. She professed faith in her savior and lived a christian life. Her remains were shipped back to Pleasant Hill, Ill., accompanied by her son, Thos. Harpole. Impressive funeral services were held and interment in Long cemetery, by the side of the sleeping dust of her husband who preceded her 21 years ago. We extend sympathy. The family wish to express gratitude to the friends who assisted them in their last sad hour.

Try smoking Chariton.

Most Original Club in America

A writer in the June American Magazine says:

"There exists in one of our great Western cities a unique secret club—called by the members, the Get-Out and Get-On club. It was organized seventeen years ago by ten ambitious men who looked upon themselves as not yet having won success. Membership for twelve years has been limited to fifty. The rules are what makes this club different. No member may call himself a Success until the club votes him one, and when the club votes any member a Success, he is expelled and his place is filled by another. But before a Success is expelled a dinner is given in his honor and to welcome the new member. At this dinner the Success must read a paper explaining to his fellows how and why he won. These papers are preserved."
